1.0 Postage Payment Methods for Bound Printed Matter

1.1 Payment Method

The mailer is responsible for proper postage payment. Subject to the corresponding standards, postage for Bound Printed Matter may be paid by any method (see [604](#)) except precanceled stamps. Pieces with postage affixed must bear the correct postage. Permit imprint may be used for mailings that contain nonidentical-weight pieces only under [705, Advanced Preparation and Special Postage Payment Systems](#). Permit imprint may be used for identical-weight pieces provided the mail can be separated at acceptance into groups that each contain pieces subject to the same zone. Identical-weight permit imprint mail also may be mailed under [705](#).

1.2 Affixing Postage—Single-Piece Rate Mailings

In a postage-affixed single-piece mailing, the mailer must affix to each piece a value in adhesive stamps or meter stamps equal to at least the postage required.

2.2 Minimum Quantity

Permit imprint mailings must contain at least 200 pieces or 50 pounds, except in the case of single-piece rate mailings submitted under the terms of an approved manifest mailing system agreement with a minimum volume reduction provision.

2.3 Postage Statement

A complete postage statement must accompany each mailing paid with permit imprint.
