

1 International Mail Services

110 General Information

111 **Scope**

This manual sets forth the conditions and procedures for the preparation and treatment of mail sent from the United States to other countries and the treatment of mail received from other countries. Its counterpart in the domestic mail service is the *Mailing Standards of the United States Postal Service, Domestic Mail Manual* (DMM[®]). Cross-references to the DMM are provided wherever domestic conditions and procedures apply to the preparation or treatment of international mail.

112 **Mailer Responsibility**

Regardless of any statement contained in this manual or the statements of any employee of the United States Postal Service[®], the burden rests with the mailer to ensure that he or she has complied with the prescribed laws and regulations governing domestic and international mail, both those of the United States and those of the destination country. Full responsibility rests with the mailer to comply with all postal and nonpostal laws and regulations regarding the mailing of dangerous goods. Anyone who mails, or causes to be mailed, nonmailable or improperly packaged dangerous goods can be subject to legal penalties, including but not limited to those specified in 18 U.S.C.

113 **Individual Country Listings**

Individual Country Listings (ICLs) provide information about conditions of mailing, postage rates, and special services for each country. ICLs are arranged alphabetically. Most subtitles are followed by a chapter citation in parentheses.

114 **Availability**

Customers may access this manual online at <http://pe.usps.gov>. A printed copy may be purchased from:

SUPERINTENDENT OF DOCUMENTS
US GOVERNMENT PRINTING OFFICE
941 N CAPITOL ST NE
WASHINGTON DC 20402-9371

115 Official Correspondence**115.1 Communicating With Headquarters****115.11 Operations**

Questions regarding the proper classification, postal rates and fees, preparation requirements, claims and inquiries, special services, mailability, or any other classification aspect of international mail should be directed to local Postal Service officials. Regulatory matters relating to international mail should be directed to the Pricing and Classification Service Center (PCSC) at the following address:

MANAGER PRICING AND CLASSIFICATION SERVICE CENTER
US POSTAL SERVICE
90 CHURCH ST STE 3100
NEW YORK NY 10007-2951

115.12 Policy and Representation

Correspondence concerning the following should be addressed to:

DIRECTOR INTERNATIONAL POSTAL AFFAIRS
US POSTAL SERVICE
1735 N LYNN ST STE 6043
ARLINGTON VA 22209-6111

- a. Policy matters relating to international mail and international postal affairs.
- b. Negotiation and interpretation of postal agreements.
- c. Communications of a nonroutine nature from foreign postal officials.
- d. Postal Service representation at international postal meetings.
- e. Postal Service representation at meetings with other federal departments and agencies relating to international postal affairs.
- f. Visits by foreign postal officials.

115.13 Transportation and Distribution

Correspondence concerning the transportation of international civil and military mail, including the following, should be addressed to:

MANAGER INTERNATIONAL NETWORK OPERATIONS
US POSTAL SERVICE
475 L'ENFANT PLZ SW RM 6801
WASHINGTON DC 20260-6801

- a. Containerization and plant loads.
- b. Conveyance rates.
- c. Designation of U.S. exchange offices.
- d. Documentation.
- e. Internal air conveyance, terminal, and transit charges.
- f. Mode of transport.
- g. Related forms and reports.
- h. Routing.
- i. Schedules and performance of U.S. and foreign flag carriers.
- j. Distribution procedures and schemes.

115.14 Investigations

Correspondence relating to investigation of losses, deprecations (robberies or riflings), and security of international mail should be addressed to:

CHIEF POSTAL INSPECTOR
INSPECTION SERVICE
US POSTAL SERVICE
475 L'ENFANT PLZ SW
WASHINGTON DC 20260-2100

115.15 International Money Orders

Correspondence relating to international money orders, including operational procedures, accounting, cashing, and issuing, should be addressed to:

INTERNATIONAL MONEY ORDER SECTION
ACCOUNTING SERVICE CENTER
US POSTAL SERVICE
PO BOX 14964
ST LOUIS MO 63182-9421

115.2 Correspondence With Foreign Postal Authorities**115.21 Correspondence Permitted**

Correspondence is permitted between foreign postal authorities and Postal Service inspectors-in-charge and the postmasters acting under the instructions for processing inquiries described in [920](#). U.S. exchange offices may correspond with their foreign counterparts only through bulletins of verification and exchanges of documentation.

115.22 Correspondence Not Permitted

In all other cases, postmasters, area offices, and other field units of the Postal Service must *not* correspond directly with postal officials in other countries, but must refer inquiries from those officials to Headquarters for attention. (See [115.1](#) for referral points for particular subjects.)

115.3 Correspondence With Foreign Individuals**115.31 Correspondence Permitted**

Postmasters, area offices, and other field units of the Postal Service may reply directly to inquiries and engage in other necessary correspondence with individuals and firms in other countries.

115.32 Customer's Address

A customer's address may not be given out without the customer's consent.

120 Preparation for Mailing

121 Packaging – Sender’s Responsibility

It is the responsibility of the sender to prepare items and to address them clearly and correctly. In preparing items for mailing, the sender must (1) use strong envelopes or durable packaging material to prevent deterioration or degradation, and (2) consider the nature of the articles being mailed and the distance they must travel to reach the addressee. (See DMM 601 for detailed instructions.)

122 Addressing

122.1 Destination Address

- a. At least the entire right half of the address side of the envelope, package, or card should be reserved for the destination address, postage, labels, and postal notations.
- b. Addresses must be printed in ink or typewritten. Pencil is unacceptable.
- c. The name and address of addressee must be written legibly with roman letters and arabic numbers, all placed lengthwise on one side of the item. For parcels, addresses should also be written on a separate slip enclosed in the parcel.
- d. Addresses in Russian, Greek, Arabic, Hebrew, Cyrillic, Japanese, or Chinese characters must bear an interline translation in English of the names of the post office and country of destination. If the English translation is not known, the foreign language words must be spelled in roman characters (print or script). See [292.41](#) and [293.91](#) for an *optional* addressing procedure that applies only to direct country sacks of International Surface Air Lift (ISAL) mail or International Priority Airmail (IPA), respectively.
- e. Mail may *not* be addressed to a person in one country “in care of” a person in another country.
- f. The name of the sender and/or addressee may *not* be in initials except where they are an adopted trade name.
- g. Mail may *not* be addressed to *Boxholder* or *Householder*.
- h. The following exceptional form of address, in French or a language known in the country of destination, may be used on printed matter: the addressee’s name or *Occupant*.
Example: Mr. Thomas Clark or Occupant
- i. The house number and street address or box number must be included when mail is addressed to towns or cities.
- j. The address of items sent to General Delivery must indicate the name of the addressee and the country of destination. The use of initials; figures; simple, given names; or fictitious names is not permitted on articles addressed for general delivery.

- k. The delivery address should be printed in all uppercase letters. The name of the place of destination and the name of the country of destination must be written in capital letters together with the correct post code number or delivery zone number, if any. The last line of the address must show only the country name, written in full (no abbreviations) and in capital letters. If possible, the address should have no more than five lines. For example:

Mr Thomas Clark	MS C P Apple
117 Russell Drive	Apartado 3068
LONDON WIP 6HQ	46807 PUERTO VALLARTA JALISCO
GREAT BRITAIN	MEXICO

Exception: To Canada, there must be two spaces between the province abbreviation and the postal code, as shown below between “ON” and “K1A 0B1”:

MS HELEN SAUNDERS
1010 CLEAR STREET
OTTAWA ON K1A 0B1
CANADA

122.2 Return Address

Due to heightened security, many foreign postal administrations require complete sender and addressee information in roman letters and arabic numerals on postal items. The complete address of the sender, including ZIP Code and country of origin, should be shown in the upper left corner of the address side of the envelope, package, or card. Only one return address may be used. It must be located so that it does not affect either the clarity of the address of destination or the application of service labels and notations (postmarks, etc.). Unregistered items bearing a return address in another country are accepted only at the sender’s risk. In the case of bulk mailings, the return address must be in the country of mailing. For the purpose of this section, a “bulk mailing” is 200 or more pieces mailed at the same time by the sender.

123 Customs Forms

123.1 General

Only two customs declaration forms are used, as required under [123.6](#), for international mail: PS Form 2976, *Customs Declaration CN 22 — Sender’s Declaration* (green label); and PS Form 2976-A, *Customs Declaration and Dispatch Note — CP 72*. PS Form 2976-E, *Customs Declaration Envelope — CP 91*, is used as a carriage document for PS Form 2976-A.

Note: The current edition of PS Form 2976 is January 2004; the current edition of PS Form 2976-A is January 2006; the current edition of PS Form 2976-E is September 2006. Except as provided in [123.3](#), mailers must present at the time of mailing a fully completed sender’s declaration (the Post Office™ copy of PS Form 2976 or 2976-A), which specifies both the sender’s name and address and the addressee’s name and address.

123.2 Availability

Customs declaration forms are available without charge at Post Office™ facilities. Upon request, mailers may receive a reasonable supply for mail preparation. Customers may also order supplies of the customs forms from The Postal Store at <http://shop.usps.com>; search on the words “customs forms.” Customs declaration forms are also available through an online customs form application at usps.com/webtools.

123.3 Privately Printed Forms

If authorized, mailers may privately print PS Forms 2976 and 2976-A. Privately printed forms must be identical in size, design, and color to the Postal Service™ forms, and each form must contain a unique Code U 128 barcode symbology that can be read by Postal Service equipment. Mailers may obtain form specifications from the following address:

BARCODE CERTIFICATION
NATIONAL CUSTOMER SUPPORT CENTER
UNITED STATES POSTAL SERVICE
6060 PRIMACY PKWY STE 201
MEMPHIS TN 38188-0001

Mailers can also obtain form specifications by calling the NCSC at 800-238-3150 — select option 5 for barcode certification — or online at <http://ribbs.usps.gov/files/IntCustomsForms>; click on *customstechguide.pdf*.

Upon receipt of the request, the NCSC will send mailers an application and specifications for preparing PS Forms 2976 and/or 2976-A. The application clearly explains the process necessary for authorization. When authorized by the NCSC, a mailer may omit printing the Post Office copy (copy 4) of PS Forms 2976 and/or 2976-A by submitting an authorized manifest listing of the items. The manifest must be typewritten, legibly handwritten, or computer-generated, and must contain the following information:

- a. The sender’s name and address.
- b. The sender’s print authorization number (i.e., barcode).
- c. The edition date of the privately printed form.
- d. The same certification statement that is printed on the Postal Service form.
- e. A list of the foreign recipients’ names and delivery addresses.
- f. The mailer’s signature and date.

123.4 Nonpostal Forms

Certain items must bear one or more of the forms required by the nonpostal export regulations described in chapter [5](#).

123.5 Place of Mailing

Except as specified below, a mailer may *not* deposit a postal item that requires a completed customs declaration form into a street collection box or a Post Office lobby drop. Mailers must tender such items to a Postal Service employee at a Post Office facility or other location as designated by the postmaster. Otherwise, the Postal Service will return them to the sender for proper entry and acceptance.

Exception: The above restriction on the deposit of customs mail does not apply to Express Mail International[®] shipments paid through an Express Mail corporate account (EMCA). Mailers may deposit such items into a designated Express Mail[®] collection box or Post Office lobby drop.

123.6 Required Usage**123.61 Conditions**

Mailers must use PS Forms 2976 or 2976-A and 2976-E as shown in [Exhibit 123.61](#).

Exhibit 123.61

Customs Declaration Form Usage by Mail Category

Type of Item	Declared Value	Required Form	Comment
Global Express Guaranteed			
All items	All values	Mailing label (item 11FGG1)	
Express Mail International			
All items	All values	2976 or 2976-A	Required Customs Forms and endorsements vary by country and are specified in the Individual Country Listings.
Priority Mail International			
All items	All values	2976-A with 2976-E	All items mailed in Priority Mail International packaging, boxes, containers, flats, and envelopes, except the Priority Mail flat-rate envelope, and any item bearing a Priority Mail sticker or marked with the words "Priority Mail" are considered parcels. Do not use PS Form 2976 (green label) on Priority Mail International parcels.
Priority Mail Flat-Rate Envelope			
Items that weigh less than 16 ounces and do not have potentially dutiable contents or weigh less than 16 ounces and have potentially dutiable contents with a declared value less than \$400.	Under \$400 \$400 and over	2976 ¹ 2976-A ¹	May contain personal correspondence including letters, documents, printed matter, and light-weight merchandise items. Merchandise is permitted unless prohibited by the destination country. The maximum weight limit is 4 lbs.
Items that weigh 16 ounces or more, regardless of contents, regardless of value.	All values	2976-A ¹	
Items that weigh 16 ounces or more, do not have potentially dutiable contents, and are entered by a known mailer.	N/A	None	A known mailer, as defined in 123.62 , may be exempt from affixing customs forms to nondutiable mailpieces that weigh 16 ounces or more.
First-Class Mail International			
Items that weigh less than 16 ounces and do not have potentially dutiable contents.	N/A	None	
Items that weigh 16 ounces or more, do not have potentially dutiable contents, and are entered by a known mailer.	N/A	None	A known mailer, as defined in 123.62 , may be exempt from affixing customs forms to nondutiable mailpieces that weigh 16 ounces or more.
Items that weigh less than 16 ounces and have potentially dutiable contents.	Under \$400 \$400 and over	2976 ¹ 2976-A ¹	
Items that weigh 16 ounces or more, regardless of contents, regardless of value.	All values	2976-A ¹	

Exhibit 123.61

Customs Declaration Form Usage by Mail Category

Type of Item	Declared Value	Required Form	Comment
Free Matter for the Blind			
All items	Under \$400	2976 ¹	
	\$400 and over	2976-A ¹	
M-bag²			
All items	Under \$400	2976 ¹	
	\$400 and over	2976-A ¹	

- 1 Placement of forms: Use PS Form 2976 (green label) for Priority Mail International flat-rate envelope and First-Class Mail International items under \$400 in value and affix it to the outside of the package. If the value of the contents is \$400 or more, affix the upper portion of PS Form 2976 (green label) (cut on dotted line and discard the lower portion) to the outside of the package, complete a separate PS Form 2976-A, and enclose the form set inside the package.
- 2 An M-bag requires a customs form when it contains potentially dutiable printed matter, and admissible merchandise items as defined in [261.22](#) or some combination thereof.

Note: Bulk business products, including International Surface Air Lift (ISAL) and International Priority Airmail (IPA), require customs forms based on package contents and weight as specified above and as required by the country of destination.

123.62 **Known Mailers**

A “known mailer” is defined as:

- a. A business customer who tenders volume mailings through a business mail entry unit (BMEU) or other bulk mail acceptance location, completes a postage statement at the time of entry, pays postage through an advance deposit account, and uses a permit imprint as an indication of postage payment. International Surface Air Lift (ISAL) and International Priority Airmail (IPA) customers are considered to be “known mailers” for this purpose.
- b. A federal, state, or local government agency whose mail is regarded as Official Mail.
- c. A contractor who sends out prepaid mail on behalf of a military service, provided the mail is endorsed “Contents for Official Use — Exempt from Customs Requirements.”

Note: “Known mailers” are exempt from the customs form requirement that would otherwise apply to mailpieces weighing 16 ounces or more provided that the following conditions of entry are met:

- a. The mailpieces contain no merchandise items or other contents that are potentially dutiable.
- b. The mailer pays postage through an advance deposit account and accounts for the postage on the required postage statement.

Exception: Mailpieces that are paid for by postage meter do *not* qualify for the “known mailer” exemption. The exemption applies only to International Surface Air Lift (ISAL) and International Priority Airmail (IPA) mailpieces that are paid with a combination post method (meter postage affixed to the piece and additional postage by permit imprint). Such mailpieces must bear the ISAL/IPA service endorsements prescribed in [292.22](#) and [293.75](#), respectively.

- c. The mailer certifies on the postage statement that the mailpieces contain no dangerous materials that are prohibited by postal regulations.
- d. The import regulations of the destination country allow individual mailpieces without a customs form affixed.

123.63 **Additional Security Controls**

When the chief postal inspector determines that a unique, credible threat exists, the Postal Service may require a mailer to provide photo identification at the time of mailing. The signature on the identification must match the signature on the customs declaration form.

123.7 **Completing Customs Forms**

123.71 **PS Form 2976, Customs Declaration CN 22 – Sender’s Declaration (green label)**

123.711 **Sender’s Preparation of PS Form 2976**

A sender must complete PS Form 2976, *Customs Declaration CN 22 – Sender’s Declaration* (green label). See [Exhibit 123.711](#) for a copy of PS Form 2976.

- a. Check the appropriate box to indicate whether the package contains a gift, documents, commercial samples, or other items.
- b. In block (1), provide a detailed description, in English, of each article and the quantity for each article. General descriptions such as “food,” “medicine,” “gifts,” or “clothing” are not acceptable. In addition to the English text, a translation in another language is permitted.
- c. In block (2), give the weight of each article in pounds and ounces, if known.
- d. In block (3), declare the value of each article in U.S. dollars.
Note: The sender may declare that the contents have no value. However, declaring that the contents have no value does not exempt an item from customs examination or charges in the destination country.
- e. The sender must enter the actual value of an item for registered items in a consistent manner on PS Forms 3806 and 2976 – i.e., the value entered must be identical. Items on which identical values are not declared will be refused. (See 334.12.)
- f. In blocks (4) and (5) – which are only for commercial items (i.e., any goods exported/imported in the course of a business transaction, whether or not they are sold for money or exchanged) – enter, if known, the HS tariff number (6 digits), which must be based on the Harmonized Commodity Description and Coding System developed by the World Customs Organization, and the country of origin, which is the country where the goods originated (i.e., where they were produced, manufactured, or assembled).
- g. In block (6), give the total weight of the item, if known.
- h. In block (7), give the total value of the item in U.S. dollars.

- i. In block (8), sign and date in the blocks indicated on the left side and the right side of the form. The sender's signature certifies that all entries are correct and that the item contains no dangerous article prohibited by postal or customs regulations
- j. Enter the sender's full name and address and the addressee's full name and address in the blocks indicated.
- k. Affix the form to the address side of the item and present the item for mailing.

If known, HS tariff number (6-digit) must be based on the Harmonized Commodity Description and Coding System developed by the World Customs Organization. Country of Origin means the country where the goods originated — e.g., were produced, manufactured, or assembled. It is recommended you supply this information and attach an invoice to the outside to accelerate Customs clearance in processing the items.</p> <p>(8) Your signature and the date confirm your liability for the item.</p> <p style="font-size: small;">Detached from PS Form 2976, January 2004 (Reverse) Do not duplicate without USPS approval</p>	

123.712 **Postal Service Employee's Acceptance of PS Form 2976**

The Postal Service acceptance employee must do the following when accepting PS Form 2976 from the sender:

- a. Instruct the sender how to complete, legibly and accurately, PS Form 2976, as required. The sender's failure to complete the form properly can delay delivery of the item or inconvenience the sender and addressee. Moreover, a false, misleading, or incomplete declaration can result in the seizure or return of the item and/or in criminal or civil penalties. The Postal Service assumes no responsibility for the accuracy of information that the sender enters on PS Form 2976.
- b. Verify that the sender has entered the information on the form, and has signed and dated the form in the spaces provided on the left side and the right side of the form. The sender's address on the mailpiece must match the sender's address on PS Form 2976.
- c. Enter the total weight of the package on the form, if the sender has not already done so.
- d. Round stamp the right side of the form (the Post Office copy) and tell the sender that the Postal Service will retain this document for 30 days as a record of mailing.

Note: To comply with international mail aviation security procedures, the Postal Service employee must endorse any item weighing 16 ounces or more that is not accepted by an authorized employee, or that is subject to uncertain acceptance conditions (e.g., if received through a collection box or left on an unattended dock), with a "customer notification DDD-2" sticker and "surface only" and return the item to the sender by surface transportation. Consult the most recent international aviation security procedures for comprehensive acceptance procedures.

123.72 **PS Form 2976-A, Customs Declaration and Dispatch Note – CP 72**123.721 **Sender's Preparation of PS Form 2976-A**

- a. Enter the sender's full name and address and the addressee's full name and address in the blocks indicated.
- b. Enter information for customs reference, importer's reference, and telephone/fax/e-mail, if known.
- c. In block (1), provide a detailed description, in English, of each article. General descriptions such as "food," "medicine," "gifts," or "clothing" are not acceptable. In addition to the English text, a translation in another language is permitted. If there is insufficient space on the form to list all contents, use a second form (and subsequent forms, if necessary) to continue listing the contents and indicate on the first form that the contents are continued on a subsequent form(s). Place the form(s) into PS Form 2976-E (plastic envelope).
- d. In block (2), enter the quantity of each article.
- e. In block (3), enter the net weight of each article in pounds and ounces, if known.
- f. In block (4), enter the total weight of the package in pounds and ounces, if known.

- g. In blocks (5) and (6), enter the value for each article and the total in U.S. dollars.
- Note:** The sender may declare that the contents have no value. However, declaring that the contents have no value does not exempt an item from customs examination or charges in the destination country.
- h. In blocks (7) and (8) — which are only for commercial items (i.e., any goods exported/imported in the course of a business transaction whether or not they are sold for money or exchanged) — enter, if known, the HS tariff number (6 digits), which must be based on the Harmonized Commodity Description and Coding System developed by the World Customs Organization, and the country of origin, which is the country where the goods originated (i.e., where they were produced, manufactured, or assembled).
- i. In block (10), check the appropriate box for type of service.
- j. In block (11), check the appropriate box to indicate whether the package contains a gift, documents, commercial samples, or other items.
- k. In block (12), provide details if the contents are subject to quarantine (plant, food products, etc.) or other restrictions.
- l. In blocks (13), (14), and (15), if the item is accompanied by a license, a certificate, or an invoice, enter the number.
- m. In block (16), sign and date the form. The sender's signature certifies that all entries are correct and that the item contains no dangerous article prohibited by postal or customs regulations.
- n. In block (17), provide disposal instructions in the event that a package cannot be delivered. Check the appropriate box to indicate whether the parcel is to be returned, treated as abandoned, or forwarded to an alternate address. Undeliverable parcels returned to the sender are, upon delivery, subject to collection of return postage and any other charges assessed by the foreign postal authorities. If unwilling to pay return postage, check the box "Treat as Abandoned."
- o. Affix PS Form 2976-A according to the class of mail, as follows:
- (1) For Priority Mail International parcels, with the exception of the flat-rate envelope, first allow the Postal Service employee to complete PS Form 2976-A as described in [123.722](#) and then place the form set inside PS Form 2976-E (plastic envelope) and affix it to the address side of the package.
 - (2) For a Priority Mail International flat-rate envelope or First-Class Mail International item valued at \$400 or more, or if you do not want to list the contents on the outside wrapper of a Priority Mail International flat-rate envelope or First-Class Mail International item, affix the upper portion of PS Form 2976 (green label) (cut on dotted line and discard the lower portion) to the address side of the package, complete PS Form 2976-A, and enclose the form set inside the package.
- p. Present the item for mailing.

Exhibit 123.721 (continued)
PS Form 2976-A, Customs Declaration and Dispatch Note — CP 72
(Copies 1 and 4 and instructions only)

INSTRUCTIONS: Complete this form in English. You may add a translation of the contents in a language accepted in the destination country. Complete in ink and press firmly so all information transfers to all copies. Complete the declaration fully and legibly; otherwise, delay and inconvenience may result for the addressee. A false or misleading declaration may lead to a fine or to seizure of the item.

Your goods may be subject to restrictions. It is your responsibility to inquire into import and export regulations, restrictions such as quarantine, pharmaceutical restrictions, etc., and to find out what documents, if any (commercial invoice, certificate of origin, health certificate, license, authorization for goods subject to quarantine such as plant, animal, or food products, etc.), are required in the destination country.

1. Enter a detailed description of each article — e.g., "men's cotton shirts." General descriptions — e.g., "samples, food products," or "toiletries" — are not permitted.
2. Enter the quantity of each article and the unit of measurement used.
3. & 4. Enter the net weight of each article in pounds and ounces. Enter the total weight of the package in pounds and ounces, including packaging, which corresponds to the weight used to calculate the postage.
5. & 6. Enter the value for each article and the total in US dollars.
7. & 8. **For commercial senders only:** Commercial item means any goods exported/imported in the course of a business transaction, whether or not they are sold for money or exchanged. If known, enter the 6-digit HS tariff number, which must be based on the Harmonized Commodity Description and Coding System developed by the World Customs Organization. "Country of Origin" means the country where the goods originated — e.g., were produced/manufactured or assembled. Senders of commercial items are advised to supply this information as it will assist Customs in processing the items.
9. The Postal Service™ clerk - enter the amount of postage and fees.
10. Select mail handling method.
11. Check the box specifying the category of the item.
12. Provide details if the contents are subject to quarantine (plant, animal, food products, etc.) or other restrictions.
- 13, 14, & 15. If your item is accompanied by a license or a certificate, enter the number. You should enclose an invoice for all commercial items.
16. Your signature and date confirm your liability for the item being mailed.
17. Check box specifying instruction in case of nondelivery. Items returned to sender are subject to return charges at sender's expense.

Insert the completed form into PS Form 2976-E, Customs Declaration and Dispatch Note Envelope — CP 91. Enclose any commercial documents into the envelope. Do not fold form set or wrap around the package. The entire barcode and all information must be visible. Remove the backing sheet and affix the envelope to the package on the address side.

PARCEL INDEMNITY COVERAGE: Indemnity for uninsured Parcel Post® is provided only in accordance with postal regulations in the Domestic Mail Manual® (DMM) and the International Mail Manual® (IMM). Indemnity coverage is subject to both U.S. Postal Service® regulations and the domestic regulations of the destination country. Based on weight, indemnity coverage up to \$300 may be included at no additional charge, and may not be available to some countries. Indemnity for loss, damage, or rifling is limited to the lesser of the actual value of the contents or the maximum indemnity based on the weight of the article.

Claims for damage and loss of contents may be payable only to the addressee.

Indemnity is not paid for items containing coins, banknotes, currency notes, (paper money); securities of any kind payable to the bearer; traveler's checks; platinum, gold, and silver (manufactured or not); precious stones, jewelry, and other valuable or prohibited articles.

No coverage is provided for consequential losses, delay, concealed damage, spoilage of perishable items, articles improperly packaged, articles too fragile to withstand normal handling in the mails, or prohibited articles. See the DMM and the IMM for the specific types of losses that are covered, the limitations on coverage, and conditions of payment.

International insurance coverage greater than the indemnity limits for uninsured parcels is available for an additional fee. See IMM 320 and individual country listings.

Privacy Act Statement: Your information will be used to satisfy reporting requirements for customs purposes. Collection is authorized by 39 USC 401, 403, and 404. Providing the information is voluntary, but if not provided, we may not process your transaction. We do not disclose your information to third parties without your consent, except to facilitate the transaction, to act on your behalf or request, or as legally required. This includes the following limited circumstances: to a congressional office on your behalf; to financial entities regarding financial transaction issues; to a USPS® auditor; to entities, including law enforcement, as required by law or in legal proceedings; to contractors and other entities aiding us to fulfill the service (service providers); and to domestic and international customs pursuant to federal law and agreements.

PS Form **2976-A**, January 2006 (PSN: 7530-01-000-9834) Do not duplicate this form without USPS approval. Sender's Copy (Reverse)

123.722 **Postal Service Employee's Acceptance of PS Form 2976-A**

The Postal Service acceptance employee must do the following when accepting PS Form 2976-A from the sender:

- a. Instruct the sender how to complete, legibly and accurately, PS Form 2976-A, as required. The sender's failure to complete the form properly can delay delivery of the item or inconvenience the sender and addressee. Moreover, a false, misleading, or incomplete declaration can result in the seizure or return of the item and/or in criminal or civil penalties. The Postal Service assumes no responsibility for the accuracy of information that the sender enters on PS Form 2976-A.
- b. Verify that the sender has entered the information on the form and has signed and dated the declaration. The sender's address on the mailpiece must match the sender's address on PS Form 2976-A.
- c. If the sender wishes to insure the contents, complete an insurance receipt and affix the insured numbered label to the package. Enter on PS Form 2976-A the insured number and the insured amount in U.S. dollars and SDR value. (See for conversion to SDRs.)
- d. Weigh the parcel and enter in block (4) the gross weight, and enter in block (9) the amount of the applicable postage and fees.
- e. Round stamp the form in the appropriate place on *each* copy (copies 1–6).
- f. Remove the Post Office copy (copy 5) and tell the mailer that the Postal Service will retain this document for 30 days as a record of mailing. Remove the Mailer copy (copy 6) and give it to the mailer.

- g. Round stamp any uncanceled stamps, and if postage is paid by meter, round stamp the front of the piece near the meter postage.

Note: To comply with international mail aviation security procedures, the Postal Service employee must endorse any item weighing 16 ounces or more that is not accepted by an authorized employee, or that is subject to uncertain acceptance conditions (e.g., if received through a collection box or left on an unattended dock), with a “customer notification DDD-2” sticker and “surface only” and return the item to the sender by surface transportation. Consult the most recent international aviation security procedures for comprehensive acceptance procedures.

123.73 **PS Form 2976-E, Customs Declaration Envelope — CP 91**

PS Form 2976-E is a transparent plastic envelope designed to carry and protect the PS Form 2976-A form set. After completing the forms, the sender inserts the PS Form 2976-A form set into the envelope of PS Form 2976-E, removes the backing sheet, and affixes it to the package on the address side.

130 Mailability

131 General

131.1 Domestic Limits

All articles that are nonmailable in domestic mail are nonmailable in international mail. See DMM 601 and Publication 52, *Hazardous, Restricted, and Perishable Mail*.

131.2 International Limits

Many articles that are mailable in domestic mail are nonmailable in international mail. See chapter 6 of Publication 52 and “Prohibitions and Restrictions” in the Individual Country Listings.

131.3 Individual Country Prohibitions and Restrictions

131.31 Information Available

Information on articles that are prohibited or restricted to individual countries appears under “Prohibitions and Restrictions” in the Individual Country Listings. These prohibitions and restrictions are based on information furnished by the countries concerned. Customers should inquire at the Post Office facility about specific prohibitions or restrictions.

131.32 Prohibited and Restricted Articles

Articles that are prohibited by the destination country are nonmailable. For mail known to contain articles restricted by the destination country, the sender must be informed of the restrictions and advised that the articles are subject to the import requirements of that country.

131.33 Return or Seizure of Mail

A country may return or seize mail containing articles prohibited or restricted within that country, whether or not notice of such prohibition or restriction has been provided to or published by the Postal Service.

131.34 Foreign Customs Information

The Postal Service does not maintain or provide information concerning the assessment of customs duty in other countries. Postal Service employees must not attempt to inform customers whether articles (gifts or commercial shipments) will be subject to customs duty. Postal Service employees may suggest to customers, however, that they inform the addressees in advance of the articles they intend to mail. Addressees can then obtain information from their local customs authorities. No provision is made for prepayment of customs duty on mail addressed for delivery in foreign countries.

If duties or taxes are assessed, most countries will collect from the recipient a customs clearance and delivery fee, in addition to the duties and taxes. This fee is authorized by international postal agreements to reimburse the delivery service for the costs it incurs in clearing the items through customs and collecting duties at the time of delivery. The duties, taxes, and fee, if applicable, are not included in the postage paid by the mailer.

131.4 Mailer Responsibility

Regardless of any statement in this manual or the statement of any employee of the United States Postal Service, the burden rests with the mailer to ensure compliance with domestic, international, and individual country rules and regulations for mailability.

131.5 Preparation for Mailing**131.51 General Packaging Requirements**

Parcels of articles or goods must meet the requirements of DMM 601. The size and weight limits for each of several grades of fiberboard boxes are as specified for difficult loads in DMM 601. Reinforce boxes in each of two directions around the package.

131.52 Special Packaging Requirements

Each mailer must meet the following special packaging requirements when mailing any of the following articles (see DMM 601):

- a. Fragile articles, such as glass, must be cushioned as required to dissipate shock and pressure forces over as much of the surface of the item as possible.
- b. Liquids must be packaged as required.
- c. Package fatty substances that do not easily liquefy, such as ointments, soft soap, resins, etc., as well as silkworm eggs, in an interior container (box, cloth, or plastic bag) and place them in an outer shipping container of minimum 275-grade test strength.
- d. Enclose dry, powdered dyes, such as aniline, in sift-proof, sturdy tin or plastic boxes in an outer sift-proof shipping container. This container must have a minimum 275-grade test strength fiberboard or equivalent.

132 **Written, Printed, and Graphic Matter**

132.1 **Domestic Limits**

All written, printed, and graphic matter that is described as nonmailable in DMM 601 is nonmailable internationally. This matter includes but is not limited to:

- a. Advertisements for abortion.
- b. Advertisements for motor vehicle master keys.
- c. Copyright violations.
- d. Fictitious matter.
- e. Lottery matter.
- f. Matter inciting violence.
- g. Solicitations in the guise of bills or statements of account.
- h. Solicitations or inducements for mailing harmful matter, radioactive materials, controlled substances, or intoxicating liquors.

Note: Immoral or obscene articles and advertisements for them are nonmailable.

132.2 **Reply Cards and Envelopes**

Mailpieces that are sent to foreign addressees may *not* contain prepaid reply cards or envelopes that bear a U.S. postage stamp, meter stamp, meter impression, or a domestic business reply indicia. See [373](#) for regulations governing mailer use of International Business Reply Service (IBRS).

Exception: The prohibition against enclosing U.S. domestic business reply cards or envelopes does *not* apply when they are bound into, are stapled to, or form an integral part of the printed page of mailpieces that are paid for at publishers' periodical rates. Such enclosures may be admitted so long as they are not used as response vehicles by foreign recipients and the postal administrations of the destination countries do not object to their presence in U.S. origin publications.

133 **Improperly Addressed Mail**

The following items are nonmailable in international mail:

- a. Unaddressed items.
- b. Items whose ultimate destination cannot be determined due to insufficient, illegible, or incorrect addressing.
- c. Items bearing multiple addresses to the same or different countries.

134 **Valuable Articles**

134.1 **List of Articles**

The following valuable articles may be sent only by registered Priority Mail International flat-rate envelope, registered First-Class Mail International, or insured Priority Mail International shipments and are not mailable in Express Mail International or ordinary Priority Mail International shipments (see [221.2](#) and [233](#)):

- a. Coins, banknotes, and currency notes (paper money).
- b. Instruments payable to bearer. (The term “instruments payable to bearer” includes checks, drafts, or securities that can be legally cashed or easily negotiated by anyone who may come into possession of them. A check or draft payable to a specific payee is not regarded as payable to bearer unless the payee has endorsed it. If not endorsed, or if endorsed in favor of another specific payee, it is not regarded as payable to bearer.)
- c. Traveler’s checks.
- d. Manufactured and unmanufactured platinum, gold, and silver.
- e. Precious stones, jewels, jewelry, watches, and other valuable articles.

Note: The term “jewelry” is generally understood to denote articles of more than nominal value. Inexpensive jewelry, watches, such as tie clasps and costume jewelry, containing little or no precious metal, is not considered to be jewelry within the meaning of this section and is accepted under the same conditions as other mailable merchandise to any country. Inexpensive jewelry is accepted to countries that prohibit jewelry, but only at the sender’s risk.

134.2 Prohibitions

Individual countries prohibit or restrict some or all of the valuable items listed above. See the “Prohibitions and Restrictions” section in the Individual Country Listings.

135 Mailable Dangerous Goods

135.1 Infectious Substances

135.11 General Conditions

Infectious and noninfectious (nonregulated) biological substances are acceptable in international mail subject to the provisions of DMM 601.10.17 under the following conditions: when they are intended for medical or veterinary use, research, or laboratory certification related to the public health; only when such materials are properly prepared for mailing to withstand shocks, pressure changes, and other conditions related to ordinary handling in transit; and under the additional conditions specified in subsections below.

- a. Category A infectious substances are not mailable. Category A infectious substances as identified in DMM 601.10.17.2a1 are substances transported in a form capable of causing permanent disability or life-threatening or fatal disease in otherwise healthy humans or animals when exposure occurs. A Category A infectious substance is assigned the identification number UN 2814 or UN 2900, based on the known medical history or symptoms of the source patient or animal, endemic local conditions, or professional judgment concerning the individual circumstances of the source human or animal. A list of indicative examples of infectious substances included in Category A can be found in International Air Transportation Association (IATA) Dangerous Goods Regulations, Table 3.3.D.

- b. Category B infectious substances are mailable when they meet the definition in DMM 601.10.17.2a2. A Category B infectious substance does not meet the criteria for inclusion in Category A. A mailpiece known or suspected to contain a Category B infectious substance must bear the proper shipping name “Biological substance, Category B” on the address side of the mailpiece and must be assigned to and marked with identification number UN 3373.
- c. Nonregulated (noninfectious) materials identified in DMM 601.10.17.3 as nonregulated are mailable. Nonregulated substances do not contain infectious substances or substances that are likely to cause disease in humans or animals. Nonregulated materials are not subject to regulation as hazardous materials but must be properly packaged as indicated in DMM 601.10.17.8 when presented for mailing.
- d. Exempt human or animal specimens as defined in DMM 601.10.17.2d are mailable. They are not subject to regulation as hazardous materials, but when presented for mailing, they must be packaged as identified in DMM 601.10.17.9.

135.12 **Type of Mail**

Such substances may be sent *only* in registered First-Class Mail International mailpieces.

135.13 **Senders and Receivers**

Substances identified in [135.11b](#) *must* be sent *only* by authorized laboratories to their foreign counterparts in those countries that have indicated a willingness to accept them.

Note: Countries distinguish between infectious and noninfectious (nonregulated) biological substances and may prohibit one or the other or both. See “Prohibitions” in the Individual Country Listings.

135.2 **Authorization**

135.21 **Authorized Institutions**

Infectious biological substances can be sent to or received by *only* the following types of institutions:

- a. Laboratories of local, state, and federal government agencies.
- b. Laboratories of federally licensed manufacturers of biological products derived from bacteria and viruses.
- c. Laboratories affiliated with or operated by hospitals, universities, research facilities, and other teaching institutions.
- d. Private laboratories licensed, certified, recognized, or approved by a public authority.

135.22 **Request for Authorization**

A qualifying institution wishing to mail packages containing biological substances must submit a written request on its organizational letterhead to the following address:

MANAGER MAILING STANDARDS
PRICING AND CLASSIFICATION
US POSTAL SERVICE
475 L'ENFANT PLZ SW RM 3436
WASHINGTON DC 20260-3436

In its letter of application, the institution must indicate the nature of its work, the identity and qualifications of the prospective recipient, and the number of packages to be mailed.

135.3 **Packaging, Marking, Labeling**

135.31 **Category B Infectious Substances**

A material that is classified as a Category B infectious substance and that meets the definition in DMM 601.10.17.2a2 must be triple-packaged as identified in DMM 601.10.17.4, meeting the packaging requirements in 49 CFR 173.199, and sent as Global Express Guaranteed mail. Each primary receptacle containing a liquid must be leakproof and surrounded by absorbent material sufficient to protect the primary receptacle and absorb the total amount of liquid should the primary receptacle leak or break. Each primary receptacle containing a solid must be sift proof. Secondary containers for liquids must be leak proof. Secondary containers for solids must be sift proof. The primary and secondary packaging must be enclosed in a rigid outer shipping container. A single primary receptacle must not contain more than 1 liter (34 ounces) of a liquid specimen or 4 kg (8.8 pounds) of a solid specimen. Multiple primary receptacles whose combined volume does not exceed 4 liters (1 gallon) for liquids or 4 kg (8.8 pounds) for solids may be enclosed in a single secondary container. In addition:

- a. The secondary container must be marked with the international biohazard symbol shown in DMM Exhibit 601.10.17.5c2.
- b. A primary receptacle or secondary packaging containing liquid must be capable of withstanding, without leakage, an internal pressure producing a pressure differential of not less than 95 kPa (0.95 bar, 14 psi) in the range of -40° C to 55° C (-40° F to 130° F).
- c. All mailpieces sent under DMM 601.10.17.4 must be marked on the address side with the shipping name "Biological substance, Category B" and the "UN 3373" marking as outlined in 49 CFR 173.199 (a) (5).
- d. Orientation arrows are not required on these mailpieces but may be used.
- e. The outer packaging must show the name and telephone number of a person who is knowledgeable about the material shipped and has comprehensive emergency response and incident mitigation information, or of someone who has immediate access to the person with such knowledge and information.

135.32 Nonregulated Materials (Noninfectious Biological Substances)

Nonregulated materials are not subject to regulation as hazardous materials but must be properly packaged, marked, and labeled as indicated in DMM 601.10.17.8 when presented for mailing.

135.33 Exempt Human or Animal Specimens

Exempt human or animal specimens are not subject to regulation as hazardous materials but must be properly packaged, marked, and labeled as indicated in DMM 601.10.17.9 when presented for mailing.

135.4 Handling and Dispatch of Infectious Substances**135.41 Biological Substances**

Items that contain perishable biological substances must be given careful yet expeditious handling from receipt through dispatch.

135.42 Infectious Substances

Shipments containing infectious substances must be segregated from other types of mail matter (i.e., placed in separate sacks). PS Tag 44, *Sack Contents Warning*, must be attached to the outside of sacks to identify the hazardous nature of the contents. PS Tag 44 is for internal use only, and must be removed from mail sacks, and the hazardous materials tendered to air carriers as outside pieces.

135.5 Radioactive Materials

Shipments containing radioactive materials are acceptable in the international mail subject to the provisions of DMM 601 (Publication 52, *Acceptance of Hazardous, Restricted, or Perishable Matter*), and under the following conditions:

- a. Shipments may be sent only by registered First-Class Mail International.
- b. Shipments may be sent only to those countries that have expressed a willingness to accept radioactive materials. See “Prohibitions and Restrictions” in the Individual Country Listings.
- c. Shipments must comply with the International Atomic Energy Agency rules and regulations.
- d. Senders and recipients of radioactive materials must receive prior authorization from the appropriate regulatory authorities within their countries.
- e. A white package label bearing the French words “Matieres Radioactives” (Radioactive Materials) must be applied to the address side of each package containing radioactive materials. Senders are responsible for supplying and affixing this label to the package.
- f. The package must also bear the following endorsements in bold letters: “RETURN TO SENDER IN CASE OF NONDELIVERY” and “RADIOACTIVE MATERIALS, QUANTITIES PERMITTED FOR MOVEMENT BY POST.”

136 Nonmailable Dangerous Goods

The following dangerous goods (hazardous materials, as defined in DMM 601) are prohibited in the international mail:

- a. Explosives or explosive devices.
- b. Flammable materials.
 - (1) Pyrophoric, flammable, or combustible liquids with a closed cup flash point below 200°F.
 - (2) Flammable solids, including matches.
- c. Oxidizers.
- d. Corrosives, liquid or solid.
- e. Compressed gases.
 - (1) Flammable.
 - (2) Nonflammable with an absolute pressure exceeding 40 psi at 70°F or 104 psi at 130°F.
- f. Poisons, irritants, controlled substances, and drug paraphernalia.
- g. Magnetized material with a magnetic field strength of .002 gauss or more at a distance of 7 feet.
- h. Dry ice (carbon dioxide solid).

137 Other Restricted Materials

Some items are prohibited in the international mail (see DMM 601), except as specified in the Individual Country Listings. This includes intoxicating liquor, matter emitting obnoxious odor (liquids and powders), motor vehicle master keys, battery-powered devices, odd-shaped items in envelopes, and abortive and contraceptive devices.

138 Firearms, Knives, and Sharp Instruments

Some items (see DMM 601) may be mailed to certain countries under the conditions specified in the Individual Country Listings. See [540](#) for U.S. Department of State licensing requirements applicable to the international mailing of arms or implements of war, component parts, and related technical data.

139 Perishable Matter**139.1 Animals**

All live or dead animals are nonmailable, except the following:

- a. Live bees, leeches, silkworms, and flies of the family Drosophilidae (see DMM 601.9.3.9).
- b. Dead insects or reptiles, when thoroughly dried.
- c. Parasites and predators of injurious insects, if the following conditions are met:
 - (1) They are admissible in the domestic mail.
 - (2) They are useful in controlling harmful insects.

- (3) They are exchanged by officially recognized scientific or health agencies.
- (4) They are sent by First-Class Mail International.
- (5) Mailable animals must be in containers conforming to the requirements in the DMM.

139.2 **Plants**

139.21 **General Restrictions**

Plants, seeds, and plant materials, including fruits and vegetables, are subject to the provisions of DMM 601; Publication 14, *Prohibitions and Restrictions on Mailing Animals, Plants, and Related Products*; and the quarantine regulations of the country of destination. Customers can obtain information from the U.S. Department of Agriculture (USDA) Animal and Plant Health Inspection Service (APHIS) Plant Protection and Quarantine (PPQ) Programs at:

USDA APHIS PPQ
4700 RIVER RD
RIVERDALE MD 20737-1228

139.22 **Tobacco Seeds and Tobacco Plants**

It is unlawful to export any tobacco seed or live tobacco plants without a written permit granted by the U.S. Secretary of Agriculture. See [560](#) for procedures and processing requirements.

139.3 **Eggs**

139.31 **Restrictions**

Eggs may be sent only by Priority Mail International. See [550](#) for nonpostal regulations on dried whole eggs.

139.32 **Packaging**

Eggs must be packaged in the following manner:

- a. Eggs mailed to any country except Canada must be placed in a metal egg container. Each egg must be packed in cushioning material. The metal egg container must be enclosed in an outer container of wood with cushioning packed between the two containers.
- b. Eggs mailed to Canada may be packed either as prescribed in [139.32a](#) or in a box of rigid material with a tight-fitting lid. Each egg must be wrapped in protective material and placed on end. Vacant spaces in the box must be filled with packing material to prevent the eggs from striking each other or the box.

139.4 **Food and Other Perishable Articles**

Fruits, vegetables, fresh meats, and other articles that easily decompose or that cannot reasonably be expected to reach their destination without spoiling are nonmailable.

140 International Mail Categories

141 **Definitions**

141.1 **General**

There are four principal categories of international mail that are primarily differentiated from one another by speed of service. They are Global Express Guaranteed® (GXG®) service, Express Mail International® service, Priority Mail International service, and First-Class Mail International service.

141.2 **Global Express Guaranteed**

Global Express Guaranteed is the U.S. Postal Service's premium international mail service. Global Express Guaranteed is an expedited delivery service that is the product of a business alliance between the U.S. Postal Service and FedEx Corporation. It provides reliable, high-speed, time-definite service from designated U.S. ZIP Code™ areas to locations in most destination countries. Global Express Guaranteed is assured to meet destination-specific delivery standards or the postage will be refunded. If a shipment is lost or damaged, liability for lost or damaged merchandise or for document reconstruction is limited to a maximum of \$100 or the amount of additional optional insurance purchased. The maximum weight limit for this service is 70 pounds, but some countries have a lower maximum weight limit. Countries with reduced weight limits are specified in the Individual Country Listings and in Publication 141, *Global Express Guaranteed Service Guide*.

141.3 **Express Mail International**

The next level of service, in terms of speed and value-added features, is Express Mail International. Express Mail International is an expedited mail service that can be used to send documents and merchandise to most of the country locations that are individually listed in this publication. Express Mail International insurance coverage against loss, damage, or rifling, up to a maximum of \$100, is provided at no additional charge. Additional merchandise insurance coverage up to \$5,000 may be purchased at the sender's option to many countries. Document reconstruction insurance coverage is limited to a maximum of \$100 per shipment. Return receipt service is available upon request, at no additional charge, for Express Mail International shipments that are sent to a limited number of countries. See [221.4](#). Country-specific maximum weight limits range from 22 pounds to 70 pounds. See the Individual Country Listings. Express Mail International shipments offer a date-certain, postage-refund guarantee to select destinations: see [221.1](#) and the Individual Country Listings to determine the availability of such service. For all other destinations, Express Mail International shipments are not subject to a postage refund guarantee if a delivery delay occurs.

141.4 **Priority Mail International**

- a. With the exception of the flat-rate envelope, Priority Mail International is governed by the parcels provisions of the Universal Postal Convention. That classification is primarily designed to accommodate larger and heavier shipments, whose size and/or weight transcend the established limitations for First-Class Mail International. At the sender's option, extra services, such as insurance coverage and return receipt service, may be added on a country-specific basis.
- b. Priority Mail International flat-rate envelope is an accelerated airmail service that provides customers with a reliable and economical means of sending correspondence, documents, printed matter, and light-weight merchandise items to foreign destinations. The maximum limit is 4 pounds. Registered mail service is available for the Priority Mail International flat-rate envelope. Insurance is not available in combination with Priority Mail International flat-rate envelope service.

141.5 **First-Class Mail International**

First-Class Mail International is a generic term for mailpieces that have different shapes, sizes, and contents, that weigh 4 pounds or less, and that are subject to the provisions of the Universal Postal Union Letter-post Convention. First-Class Mail International items may contain any mailable matter that is not hazardous or prohibited by the destination country. Aerogrammes are not available for purchase. Previously purchased aerogrammes are mailable at the applicable First-Class Mail International rate. At the sender's option, extra services, such as registry and return receipt, may be added on a country-specific basis.

Note: The term First-Class Mail International encompasses all of the classes of international letter-post mail (i.e., letter and letter packages, postcards and postal cards, printed matter, and small packets) that were formerly categorized as LC (letters and cards) and AO (other articles) respectively.

142 **Envelope and Card Specifications**

142.1 **Color**

Light-colored envelopes and cards that do not interfere with the reading of the address and postmark must be used. Do not use brilliant colors.

142.2 **Quality**

Envelopes and cards must be constructed of paper strong enough to withstand normal handling. Highly glazed paper or paper with an overall design is not satisfactory.

142.3 **Shape**

Rectangular.

142.4 Minimum Size

- a. Length: 5-1/2 inches.
- b. Height: 3-1/2 inches.

142.5 Window Envelopes

Window envelopes must be used under the following conditions:

- a. The address window must be parallel with the length of the envelope.
- b. The address window must be in the lower portion of the address side.
- c. Nothing but the name, address, and any key number used by the mailer may appear through the address window.
- d. The return address should appear in the upper-left corner. If there is no return address and the delivery address does not show through the window, the piece will be handled as undeliverable mail.
- e. The address disclosed through the window must be on white paper or paper of a very light color.
- f. When used for registered mail, window envelopes must conform with the conditions in DMM 503.
- g. Open panel envelopes, i.e., those in which the panel is not covered with a transparent material, are *not* acceptable in international mail.

142.6 Bordered Envelopes and Cards

Envelopes and cards that have green-colored bars or red- and blue-stripped borders may be used for the sending of First-Class Mail International items.

143 Official Mail**143.1 Mailings by Federal Agencies**

Official mail (sent by federal agencies and departments listed in Postal Service Handbook DM-103, *Official Mail*) that bears the indicia prescribed in DMM 703 may be sent to foreign destinations. Such items are subject to the postage payment requirements, weight and size limits, customs form requirements, and general conditions for mailing that otherwise apply to the class and category of the international mail being sent.

143.2 Postal Service Mailings

International mailpieces that are sent by or on behalf of the U.S. Postal Service must bear the prescribed G-10 permit indicia. Postal Service official mail is subject to a 66-pound weight limit *except for* Express Mail International destined for countries that have a higher limit and Global Express Guaranteed shipments going to authorized destination countries that have a 70-pound weight limit.

143.3 Mail of a Former President and Surviving Spouse of a Former President

All nonpolitical mail of former United States Presidents, and of the surviving spouse of a former President, must be accepted without prepayment of postage if it bears the written signature of the sender, or a facsimile signature

and the words “POSTAGE AND FEES PAID” in the upper-right corner of the address side.

143.4 **General Secretariat of the Organization of American States (OAS)**

- a. Unregistered First-Class Mail International items bearing the return address of the OAS General Secretariat and weighing not more than 4 pounds are accepted without postage when addressed to the OAS member countries listed in [143.4c](#).
- b. Items other than First-Class Mail International with extra services may *not* be provided for OAS General Secretariat official mail without the prepayment of postage or the fee for the extra service requested.
- c. The following countries are members of the Organization of American States (OAS):

Antigua and Barbuda	Ecuador	St. Christopher and Nevis
Argentina	El Salvador	St. Lucia
Bahamas	Grenada	St. Vincent and the Grenadines
Barbados	Guatemala	Suriname
Bolivia	Haiti	Trinidad and Tobago
Brazil	Honduras	United States
Canada	Jamaica	Uruguay
Chile	Mexico	Venezuela
Colombia	Nicaragua	
Costa Rica	Panama	
Dominica	Paraguay	
Dominican Republic	Peru	

143.5 **Pan American Sanitary Bureau Mail**

- a. Unregistered First-Class Mail International items bearing the return address of the bureau and weighing not more than 4 pounds are accepted without postage affixed when addressed to an OAS member country listed in [143.4c](#) or to Cuba.
- b. Items with the bureau return address that are sent other than First-Class Mail International or that request extra services must prepay all postage and fees.

150 Postage

151 **Postage Rates**

See Individual Country Listings.

152 **Payment Methods**

153 **Prepayment**

Each item must be fully prepaid to ensure prompt dispatch and to avoid assessment of charges against the addressee. For the treatment of shortpaid and unpaid mail, see [420](#).

153.1 Stamps

- a. Postage and fees for extra services (see chapter [3](#)) may be paid by means of U.S. postage stamps, postage meter stamps, or postage validation imprinter (PVI) labels. PVIs are acceptable for all international mail transactions.
- b. Mailer precanceled stamps may be used with international mail under the same conditions as are applicable to domestic mail. See DMM 604.
- c. Nondenominated postage stamps (except for those that bear unique domestic markings, such as First-Class Presort, Nonprofit Org.) may be affixed to postal items that are sent to foreign countries. The value of such stamps is linked to either a current or a former domestic rate (e.g., the “Lady Liberty and U.S. Flag” stamp has a postage value of 39 cents). The postage value of the Forever Stamp, as well as the nondenominated Breast Cancer Research semipostal stamp, is always the domestic First-Class Mail single-piece 1-ounce letter rate that is in effect on the day of use (mailing). Since international postage rates are always higher than the comparable domestic postage rates, mailers who affix a single nondenominated postage stamp to their outbound mailpieces must add additional postage to comply with the international rate schedule.

Note: See DMM 604 for stamps not valid as postage.

153.2 Permit Imprint**153.21 Conditions of Use**

Postage may be paid by permit imprint, subject to the general conditions stated in DMM 124, 604, and 705. Postage charges are computed on PS Form 3700. This postage payment method may be used for postage and extra service fees for First-Class Mail International and Priority Mail International.

153.22 Place of Mailing

Mail must be deposited and accepted at the Post Office that issued the permit, at a time and place designated by the postmaster, except as otherwise provided for drop shipments.

153.23 Usage Criteria

To use a permit imprint for international mailing purposes, a mailer must enter a minimum of 200 pieces or 50 pounds of mail matter that is identical in size and weight and addressed to recipients in foreign countries. All of the mailpieces bearing a permit imprint do *not* have to be addressed to the same destination country. See [292.13](#) and [293.2](#) for the minimum quantity requirements that govern the entry of International Priority Airmail (IPA) items and International Surface Air Lift (ISAL) items, respectively.

Note: The 200-piece or 50-pound minimum requirement does not apply to M-Bags.

153.24 **Required Format**

Each mailpiece sent under this payment method must bear a permit imprint indicia showing that postage is paid. Permit imprint indicia for international mail must be prepared in one of the formats shown in [Exhibit 153.24](#). No variations or additions, such as Bulk Rate, Media Mail, Presorted Standard, Enhanced Carrier Route Sort, Automation Rate, Nonprofit Organization, or Bound Printed Matter, are allowed.

154 Placement of Postage

- a. Postage stamps and postage-paid impressions must be applied to the address side of mail in the upper-right corner. The postage meter stamp, postage validation imprinter (PVI) label, or permit may be affixed directly on the mailpiece or on the wrapper when plastic wrap is used.
- b. Nonpostage stamps, labels resembling postage stamps, or impressions resembling postage-paid impressions must *not* be placed on the address side of international mailpieces.

155 Rемаiled Items

New postage is required when mailpieces are reentered after having been returned to the sender by a foreign postal administration
