payment of the deficient postage. Shortpaid Global Express Guaranteed shipments paid with Click-N-Ship will be collected automatically through this system.

- b. Shortpaid more than \$3.50: Base the disposition on whether or not the item has a return address, as follows:
 - (1) With a return address: Return the item to the sender. Endorse the item with rubber stamp R-1300-230, *Return For...Additional Postage*.
 - (2) Without a return address: Forward the item to the Mail Recovery Center for proper disposition.

 - (2) Without a return address: Forward the item to the Mail Recovery Center for proper disposition.

423.3 **Credit for Postage Paid**

When computing the postage due on items that are returned to sender for insufficient postage, allow a credit for the postage already paid.

423.4 **Parcels at Other Than Mailing Offices**

Originating Network Distribution Centers (NDCs) must check for shortpaid parcels addressed to Canada and Mexico. Sectional centers and other intermediate offices, however, should not attempt to verify postage payment on parcels.

430 Improperly Prepared Mail

431 **Insufficient Address**

If an item is improperly addressed, but the country of destination is legibly written, dispatch it to the exchange office. The exchange office will determine whether the address is sufficient.

Note: Due to heightened security, many foreign postal administrations require complete sender and addressee information in roman letters and arabic numerals on postal items.

432 **Oversized or Undersized Items**

Post Office facilities must return to the sender any item that is more than the prescribed maximum size or is less than the prescribed minimum size. If the sender is not known, the item must be dispatched to the mail recovery center.

433 **Oversized Cards**

Return oversized cards (those exceeding 9-1/4 x 4-3/4) to the sender. If the sender is unknown, dispatch cards to the exchange office.

434 **Reply-Paid Cards**

- a. Reply-paid cards, except International Business Reply items, are not accepted as international mail.
- b. Any outbound reply-paid cards bearing foreign postage (foreign reply-paid cards) must be returned to the sender for proper U.S. postage to be affixed. If there is no return address, send cards to mail recovery center.

435 **Detached Customs Declaration Forms**

When a detached customs declaration form is found, attempt to locate the related package and attach the form to it. If the package cannot be located, dispose of the customs declaration form as waste.

440 Mailpiece Refused by an Air Carrier

441 **Item Containing Nonmailable, Hazardous, or Perishable Material**

When an air carrier refuses a mailpiece containing nonmailable, hazardous, or perishable material, Postal Service employees will follow the standards in section 727.2 or 742.3 of Publication 52, *Hazardous, Restricted, and Perishable Mail*. In such an instance, the customer may be eligible for refund of postage consistent with IMM [941](#), IMM [942](#), and DMM 604.9.

442 Mailable Item

For all mail classes with the exception of Global Express Guaranteed service, when an air carrier refuses a properly prepared and labeled mailable international mailpiece, the Postal Service will attempt to find a suitable alternative air carrier. However, if it cannot identify another air carrier, the Postal Service will file an incident report and will return the item to the sender using Label 180, *Air Carrier Rejected Mail*. In such an instance, the customer may apply for refund of postage consistent with IMM [941](#), IMM [942](#), and DMM 604.9.

Note: For a refused mailable item, the mailer may have the option to send the item using Global Express Guaranteed (GXG) service, which uses a unique transportation network. The item must be otherwise mailable using GXG service (see [210](#)), GXG service must be available to the destination country (see [213.5](#)), and the mailer must enter the item through a Post Office facility that accepts GXG items (see [215.1](#)). In addition, the mailer must apply a new shipping label (see [214.1](#)) with new postage (based on the item's weight and the destination country's GXG price group), and must obliterate any markings or labels (e.g., Label 180) indicating the item was previously returned.
