There are two Priority Mail Express labels – Label 11-B or Label 11-F. The wording for requesting or waiving a signature, will depend on the version of the label used. Most Post Offices should have labels that were updated in January 2012. However, labels prior to that date may still be used. Labels produced prior to January 2012 will have a "waiver of signature" box to check, while the updated labels will have a "signature required" box to check as follows:

- Waiver of signature (for labels dated prior to January 2012): mailers may instruct the USPS to deliver Priority Mail Express packages without obtaining the addressee's signature by signing the waiver on the Priority Mail Express label. A waiver of signature cannot be used for Priority Mail Express COD or Priority Mail Express with additional insurance.

- Signature required (for labels dated January 2012): mailers requiring a signature must instruct the USPS by checking the "Signature Required" box on the label. A signature is required for Priority Mail Express Custom Designed Service, Priority Mail Express COD, or Priority Mail Express with additional insurance.

- Postage Payment and Documentation (114)** Retail Priority Mail Express postage may be paid by adhesive stamps (604.1.0) or postage meter (604.4.0). Commercial base prices are available when postage is paid through the customer's USPS Corporate Account (USPSCA), online using Click-N-Ship®, by registered end-users of PC Postage products using a qualifying shipping label managed by the PC Postage system, or by using USPS-approved IBI postage meters that print the IBI with the appropriate price marking and who electronically transmit transactional data to the USPS and use an approved Priority Mail Express shipping label.
- Mail Preparation (115)** Matter mailed in USPS-produced Priority Mail Express packaging is subject to Priority Mail Express prices regardless of how the packaging is reconfigured or how markings may be obliterated.
- When sealing a Flat Rate package, the container flaps must be able to close within the normal folds. Tape may be applied to the flaps and seams to reinforce the container provided the design of the container is not enlarged by opening the sides, and the container is not reconstructed in any way.
- For each Priority Mail Express item, the mailer must complete Label 11-B or Label 11-F or Label 11-HFPU for Hold for Pickup service. Each piece should include a complete delivery and return address with the correct ZIP Code or ZIP+4 code.
- Enter and Deposit (116)** Retail Priority Mail Express 1-Day and 2-Day items may be mailed at Post Offices, stations, and branches; dropped into Priority Mail Express collection boxes; handed to carriers; or picked up by the USPS. Priority Mail Express weighing more than 13 ounces bearing only postage stamps may not be deposited into a collection box or other unattended location, but must be presented at a Post Office retail counter.
- Acceptance and collection information may be obtained by calling 1-800-222-1811 or contacting your local postmaster.
