## Canada

## Country Conditions for Mailing

## Prohibitions (130)

An issue of a publication in which more than 5 percent of its total advertising space is primarily directed to a Canadian market and which indicates:

- a. Specifically where goods or services may be obtained in Canada, or
- b. Specific items or conditions relating to the sale or provision of goods or services in Canada.

All alcoholic beverages including wines, etc.

An issue of a publication that contains an advertisement primarily directed to a Canadian market is a prohibited import if that advertisement does not appear in identical form in all editions of the issue distributed in the country of origin.

Articles so marked as to create the false impression that they were made in Canada, the United Kingdom, or any other British country.

Commercial tags of metal.

Firearms.

Gold bullion, gold dust, and nonmanufactured precious metals.

Non-refillable lighters or any other lighter that contains fuel.

New lighters with no fuel may be sent.

Oleomargarine and other butter substitutes, including altered or renovated butter.

Perishable infectious biological substances.

Perishable noninfectious biological substances.

Plumage and skins of wild birds.

Prison-made goods being sold or intended for sale by a person or firm.

Radioactive materials.

Replica or inert munitions, as well as other devices that simulate explosive devices or munitions, including replica or inert grenades or other simulated military munitions, whether or not such items are for display purposes.

Reprints of Canadian or British works copyrighted in Canada.

Reproductions of Canadian postage stamps unless printed in publications in black and white only and with a defacing line drawn across each reproduction.

Shipments bearing caution labels indicating the contents are flammable.

Smoke-making devices for motor vehicles and boats.

Used or secondhand hives or bee supplies.

Vaping liquids containing 66 mg/g or more nicotine by weight.

**Note:** The U.S. Postal Service measures the concentration of nicotine solutions by volume rather than by weight, so it is possible that a product that does not exceed Canada's weight restriction would exceed the Postal Service's volume restriction. Nicotine solutions with a concentration of 16.67 percent (166 mg/ml) or more, when nicotine is the only toxic material in the liquid, are classified as "dangerous goods" (see 136.1) and as such are prohibited in international mail. (See also [Observation 1.](#))

## Restrictions

Coins; banknotes; currency notes; securities payable to bearer; traveler's checks; gold, silver, platinum, manufactured or not; precious stones; jewelry; and other valuable articles may be sent only in insured parcels.

Drugs and medicines must comply with Canadian law.

Eggs for hatching must be packed in new, clean containers and accompanied by a certificate issued by a veterinarian of the U.S. Department of Agriculture, or one issued by a State veterinarian and endorsed by a veterinarian of that Bureau, stating that to the best of his or her knowledge the eggs come from a flock that is free from Newcastle disease, fowl pest, or fowl typhoid. See 135.3 for method of packing.

Meat and meat food products must be accompanied by an export certificate issued by the U.S. Department of Agriculture and labeled in accordance with Canadian regulations. Exception to these requirements are:

1. bona fide sample shipments weighing less than 10 kg;
2. meat products addressed to a government department or agency;
3. meat products intended for personal consumption when they enter Canada in the possession of the importer.

Pet food that contains biologically appropriate raw food or bones and raw food — such as heat-processed, shelf-stable pet foods, treats, and compound chews — must be accompanied by an import permit from the Canadian Food Inspection Agency and a zoo sanitary certificate from the United States Department of Agriculture (USDA) Animal and Plant Health Inspection Service (APHIS) Veterinarian Services. Attach a copy of both documents to the outside of the mailpiece for review by the Canada Border Service Agency.

Veterinary biological products including serums and vaccines must be accompanied by a permit issued by the Veterinary Director General, Ministry of Agriculture of Canada.

## Observations

1. As noted in the Prohibitions section, Canada prohibits certain vaping products. However, vaping products, otherwise known as electronic smoking products (i.e., electronic products for the vaporization and administration of inhaled doses of nicotine including electronic cigarettes, cigars, cigarillos, and pipes, as well as cartridges of nicotine solutions and related products), that make health claims are subject to the Canadian Food and Drugs Act (FDA). "Health claims" refers to any statement that represents the product as a drug or device under section 2 of the FDA — for example, a statement that the product will help someone quit smoking. Vaping products that make health claims require authorization under the FDA before being commercially imported, advertised, or sold in Canada. A vaping product that makes health claims is considered a prescription drug, and before importation to Canada, it requires a Drug Establishment License and an assigned corresponding Drug Identification Number (DIN). For more information, visit [canada.ca/en/health-canada/topics/licensing-authorizing-manufacturing-drug-health-products.html](https://canada.ca/en/health-canada/topics/licensing-authorizing-manufacturing-drug-health-products.html). Vaping products with no health claims and no drugs other than nicotine are not subject to the FDA.
2. Banknotes valued at \$100 or more must be put up in a compact package and securely tied with strong twine before wrapping. The wrapper must be linen or other strong, woven material, linen lined paper, or two thicknesses of strong kraft paper. After wrapping, the package must be again securely tied or stitched and sealed at the points of closing.
3. The name of the Canadian province in which the office of destination is located must appear as part of the address.
4. The following must not be accepted for insurance: Bees, postage stamps (canceled and uncanceled) and albums in which they are mounted, and parcels addressed to CFPOs.
5. Canadian Forces Mail (CFPO) is processed through Canadian military post offices and must be addressed in the following manner:
  - a. NUMBER, RANK, NAME UNIT
  - b. CFPO (NUMBER)
  - c. BELLEVILLE ON K0K 3R0
  - d. CANADA

Maximum weight limits for mail addressed to members of the Canadian Forces based outside of Canada (CFPO) is 22 pounds. Parcels for CFPO addresses may not be insured. Direct sacks of printed matter (M-bags) are not permitted for CFPO addresses.

6. A letter fully prepaid and bearing the same address as that of a parcel may be tied or otherwise securely attached to the outside of the parcel. Stamps to cover postage on the parcel must be affixed to the wrapper of the parcel. Stamps to pay postage on the letter must be affixed to the envelope thereof.
7. Certain types of merchandise must be marked to show country of origin in the manner prescribed by the Canadian customs regulations.
8. Goods valued under 20 Canadian dollars are duty and excise tax exempt. Goods over 20 Canadian dollars will be subject to the applicable duties and excise taxes. Gift shipments received by mail that are valued under 60 Canadian dollars are duty and excise tax exempt.
9. For all casual and commercial goods valued at or under 1,600 Canadian dollars, Canada Post will collect assessed duties, excise taxes, and a handling fee from the addressee. This handling fee is set by Canada Post (see [canadapost.ca/tools/pg/manual/PGcustoms-e.asp](https://canadapost.ca/tools/pg/manual/PGcustoms-e.asp)). All commercial mail items over 1,600 Canadian dollars will be held by Canada Customs and Excise until proper invoice and accounting documentation is provided by the addressee.
10. The Canada Customs Invoice can be obtained from stationery, office supply, or printing companies. If mailers are unable to obtain the Canada Customs Invoice locally, they should visit the following Web site: [canadapost.ca](https://canadapost.ca). In addition, commercial invoices are acceptable provided that each invoice has the required information for customs purposes.
11. Information on Canadian customs regulations may be obtained from the Office of International Marketing/223, Bureau of International Commerce, Department of Commerce, Washington, DC 20230, or any field office of that Department.
12. Obtaining post code information:
  - a. Information on Canadian post code directories can be obtained from:  
NATIONAL PHILATELIC CENTER  
CANADA POST CORPORATION  
STATION 1  
ANTIGONISH NS B2G 2R8  
Telephone: 1-800-565-4362  
Fax: 1-902-863-6796
  - b. To obtain Canadian post codes for specific addresses, call the General Information line at 1-416-979-8822 or access the Canada Post Corporation Web site on the Internet at [canadapost.ca](https://canadapost.ca).
13. Pursuant to the Canada Customs Act and a need to heighten border security, Canada will deny entry of all postal items (except postcards) that do not bear complete sender and addressee information in roman letters and arabic numerals.

## Observations

- Items that contain powders, liquids, lithium batteries, or lithium cells are prohibited for carriage by domestic air transport within China. Any of these items that are approved for international air transport and arrive at the initial gateways in China will be forwarded via ground transportation to their next destination. China Post will accept no liability for the delay in delivering these items.
- As of November 30, 2018, the General Administration of Customs of the People's Republic of China (GACC) will dispose of any inbound mail item that lacks proper customs information or that the recipient refuses or does not claim in a timely manner. In addition, GACC will dispose of any item that it cannot deliver or return (including undeliverable liquids that fail aviation security checks).
- Mailers should be aware of the following customs requirements in China:
  - Items for personal use mailed to China are subject to duty and tax. However, items imported for personal use are exempt from duty and tax, if such duties and taxes are equal to or less than 50 CNY.
  - Items for personal use imported into China (not including items imported from Hong Kong, Macau, and Taiwan) may not exceed 1,000 CNY.
  - When items imported for personal use exceed the allowed value limit, three outcomes are possible:
    - The items will be returned.
    - If Customs determines that the items are not for personal use but are actually intended for commercial use, the items will be cleared using commercial customs procedures.
    - If Customs determines that the items are actually intended for personal use, then supporting documents such as a trade contract, commercial invoice, packing list, waybill, customs declaration brokerage authorization agreement, import and export license, or other similar documentation will need to be provided.
  - If imported items are intended for commercial use, commercial customs clearance will be applied.
  - China Customs permits only shippers and consignees that are registered declarants or other registered enterprises to present items that must be accompanied by the documents mentioned in paragraph 3c above. Individuals or companies that are not registered with China Customs to affect clearance are advised to entrust the customs clearance process to enterprises that are specifically registered with China Customs for this purpose.

4. For each item containing goods mailed to China, include on the customs declaration form the addressee's telephone number (mobile number preferred). This contact number assists China's customs authority in contacting the addressee for payment of customs duties and taxes, and it assists China Post (the designated postal operator of China) in contacting the addressee to arrange a specific time for delivery of the item.

Coloring powders and similar.

Documents having the character of current and personal correspondence exchanged between persons other than the sender and the addressee or persons living with them.

Fats.

Live animals, and dead animals not stuffed. *Exemptions:* Bees, leeches, and silkworms, as well as parasites and destroyers of noxious insects exchanged between officially recognized scientific institutions.

Perishable infectious biological substances.

Perishable noninfectious biological substances.

Radioactive materials.

**Note:** Colombia prohibits many types of goods, or subjects them to an import license; therefore, the sender should ascertain from the addressee before mailing whether the contents are permitted and whether the addressee holds the necessary documents.

## Restrictions

New and used clothing is permitted when mailed as unaccompanied baggage. The words "Equipaje no acompañado" and the owner's passport number must be shown on the address label and the accompanying documents. Used clothing must have a certificate of disinfection enclosed.

## Observations

1. First-Class Mail International and First-Class Package International Service items may not contain dutiable articles.
2. Books and other printed matter, if valued over \$20, require consular invoices, and the addressees must obtain import licenses.
3. A commercial invoice, numbered, certified and signed by the sender, must accompany each package containing books and periodicals of a commercial nature. In addition, the value of each item, the number of packages comprising the shipment, and gross weight must be shown on the invoice. One copy of the invoice should be sent to the post office of destination. A note must be made on each package of the number of books contained therein, its weight and the total number of packages comprising the shipment.
4. Packages must be addressed directly to the addressee, as the Colombian regulations do not permit customs entry to be effected by anyone except the addressee or an authorized representative.
5. Each shipment valued at \$20 or less requires two copies of the sender's commercial invoice, one of which must be enclosed in the parcel and the other sent under separate cover to the addressee. Consular legalization is not needed but the invoice must include a declaration of origin of the merchandise, in Spanish, reading as follows:  
 "Certificamos bajo juramento que los precios de esta factura son los mismos que cargamos al cliente y que la mercancía a que se refiere esta misma factura es originaria de (Country of Origin). En fe de lo expuesto firmamos la presente declaración en (City, State) (Day) de (Month) de (Year) (Signature of shipper)".

(Translation: We certify under oath that the prices in this invoice are the same that we charge our customers, and that the merchandise in this same invoice comes from (Country of origin). In faith of which we sign the present declaration at (City, State), on (Date).

6. For shipments valued over \$20, the sender must have a copy of his or her commercial invoice legalized by a Colombian Consulate, and must prepare 4 copies of a consular invoice, one of which must be sent direct to the addressee with the legalized commercial invoice.
7. The addressees in Colombia are required in most cases to obtain import licenses in order to secure delivery of shipments. For shipments exceeding \$20 in value the addressee is required to send a copy of the import license to the sender, who must submit it to the Colombian Consul when obtaining the consular invoice. If a sender receives a copy of a Colombian import license for a parcel whose value does not exceed \$20, he or she must return it to the addressee in Colombia.
8. Consular invoice forms may be obtained and commercial invoices legalized at Colombian Consulates, which are located in principal cities of the United States.

Gift shipments must be sent by private individuals. Those sent by commercial firms are not admitted.  
Import permits are required for gift shipments exceeding three per year for one addressee, or for any shipment exceeding 3,000 Czech Republic crowns in value. Permits may be issued to addressees or withheld at the discretion of the customs authorities after the shipment arrives.

3. For all shipments valued at \$50 or more, the sender should submit to a Salvadoran consulate copies of the commercial invoice in the form prescribed by the Salvadoran regulations. The consulate returns 2 legalized copies to the sender, who should mail them to the addressee direct, not enclosed in the parcel.
